Convention Echoes.

Only a small percentage of the visiting firemen was in the city today, the majority having lett yesterday evening and last night for their homes. Scenes in the streets yesterday evening were lively as the assembly calls were sounded and visitors who were to board the steamer Norfolk prepared to take farewell of their Alexandria friends. Between 6 and 7 o'clock the band which accompanied the Phochus company, marched panied the Phoebus company marched down King street discoursing Southern airs and attracting many people to that thoroughfare. As the band and the Phoebus, Suffolk, Norfolk county, Portsmouth and Park View companies neared the river front the crowd had become dense. The wharf of the Norfolk steamer was soon filled almost to overflowing. The band on its way to the wharf had discoursed "Dixie," "The Swawnee River," "Carry me Back to Old Virginia," and other well known and popular Southern airs, and upon breaking ranks at the pier they were given an impromptu ovation by many Alexandrians. The steamer Norfolk Alexandrians. The steamer Norfolk finally arrived and the visitors boarded Alexandrians. All were in the best humor, but showed marks of fatigue. The band, however, continued to play, and half an hour later the steamer left amid hurrahs and adieux.

Report of Committee. The committee on exhibits appointed by the Virginia State Firemen's Asso-

ciation at its meeting in this city this week made the following report:

Gentlemen :- We, the committee on exhibits, respectfully submit the report

the convention today. The Campbell Keyless Fire Alarm was fined \$5.

particular. It was commended by all with stealing flags, was fined \$2.50. who witnessed the test. In our opinion will be a valuable and an efficient adjunct to any and all fire departments. Another device which was also exhib-

ited in the convention and tested today was the Smith Controlling Nozele. We are convinced that this nozzle is a decided and valuable improvement over other nozzles now in use. The advantage of this nozzle is a simple and easy shut-oil, which is constructed with flexible tongue and a double lever, such as has never been used.

Respectfully submitted, R. L. HERBERT, Chairman, T. W. ALEXANDER. GEO. W. PETTEY, Sec'y. Exhibit Committee.

Caught a Shark.

While drawing up his net in the Potomsc river, off Red House cove, four miles south of this city, Mr. F. A. Tyler, of Accotink, Fairfax county, captured a large shark, measuring 9 feet 4 inches in length, 6 feet 7 inches in circumference, 4 feet 8 inches from fin to fin and weighing 328 pounds. Mr. Thomas Soutbard, of this city, was pres-ent to aid in the capture. The shark did not make much of a fight, but just as it was being hauled out of the water swallowed two catfish swimming in the water in front or his mouth, snapping one of them in half as cleanly as if it had been cut with a knife. The shark soon died. It is seldom specimens of this ocean monster make their way into fresh water. Many years ago one was caught in a seine a short distance below Alexandria and brought to Jone's Point, where many persons inspected it.

Duel With Stillettos.

Two Italians, employes of a sugar refinery in Yonkers, N. Y., fought a duel with stillettos yesterday with the result that one is dead and the other cannot recover. No one knows how the quarrel was started, and the names of the victims have not been ascertained. The fight occurred in a recreation pavilion next to the refinery overlooking the Hudson river. It is not known how long the fight lasted, as the men were not missed from among their fellow-employes. The first known of the troubles was when one or the men was seen running up the street from the pier shouting something in Italian. He had a knife grasped in his hand, and had gone but a hundred yards when he fell dead. A 1ew minutes later the other man was Harrie Robinson, arrested by Officer found in the pavilion. Both men were Allen charged with assaulting Wilson covered with blood from a number of cuts. Their faces and wrists were slashed
